Office of the:  
Council on Aging  
Kathy Shelp, Director

### COA Feasibility Oversight Committee

October 14 2016

#### 8:00 AM Town Managers Office

Members Present: George Faircloth, Peter Cunningham, Beverly Smith, Michelle Collette, John Amaral, Mihran Keoseian, Gary Green via conference call  
Advisors present: Kathy Shelp, Mark Haddad

Meeting was opened by Mihran Keoseian at 8:03

Concerns to the study from the community:

- The community will not support a \$6Million building
- Why do we need a second egress?
- Top two recreational sights are the country club and Prescott.

The request at Fall Town meeting will be for \$20,000:

. . . .fir the sole purpose of getting additional hard cost estimates on Prescott School, specifically for the renovation that meets the requirements of the COA senior center plans as defined in the Site and Building Analysis and other related documents; study the possibility of secondary road access at the Prescott School; examine emergency shelter adaptability as defined by Groton's Fire and Police Chiefs respectively, and determine ADA universal adaptability.

- 12,500 for the Architect
- \$7,500 for wetlands delineation.

The outreach committee update:

- A charrette will be planned to obtain feedback from the community
- A brochure/information sheet will go out in the census
- Cable shoe "Around Town" will be utilized

A motion was made by George Faircloth, second by Michelle Colette to accept the minutes of Oct 6, vote unanimous.

A motion was made to close the meeting by Michelle Collette and second by Beverly Smith at 9:01am

Respectfully submitted,  
Kathy Shelp, COA Director
