

**EARTH REMOVAL STORMWATER ADVISORY COMMITTEE  
TUESDAY, MAY 3, 2016, 7:00 PM  
MINUTES**

Chairman Perkins called the meeting to order at 7:00 PM in the Town Hall

Members present: Perkins, Delaney, Hanninen, and McHugh

Member absent: Capes

**PUBLIC HEARING – GROTON SCHOOL STORMWATER PERMIT**

The Committee continued the public hearing to consider the application submitted by Groton School to construct a new access drive to the athletic center as shown on the plan entitled, "Groton School, North Entry Road," prepared by Samiotes Consultants, Inc., dated November 3, 2015. The proposed access road will be located at Assessors' Map 219, Parcel 9, and Map 107, Parcel 16, on the westerly side of Farmers Row.

Attorney Robert Collins, representing Groton School, requested a continuation of the public hearing and extension of the Committee's deadline to act to June 30, 2016.

The Committee voted unanimously to extend the deadline to June 30, 2016.

The Committee voted unanimously to continue the public hearing on June 7, 2016 at 7:00 PM.

**PROPOSED FIELD CHANGE – 120 BOSTON ROAD**

Property owner John Amaral and design engineer Stan Dillis met with the Committee to request a field change at the site of the new medical office building at 120 Boston Road and described in the letters dated April 14, 2016 from Mr. Amaral and Mr. Dillis.

The plan was changed to add rip rap rather than continue construction of the retaining wall near the property line because the abutter objected to the applicant working in the area. The applicant tried to resolve the dispute with the abutter, but was unable to do so.

The motion was made by Delaney, seconded by Hanninen, to approve the field changes as requested by the applicant and as detailed in the letter dated April 14, 2016 from Ducharme and Dillis. The motion passed unanimously.

Meeting adjourned at 7:15 PM

Respectfully submitted,

Michelle Collette  
Earth Removal Stormwater Inspector
