**BLOOD EARTH REMOVAL**

Earth Removal Stormwater Inspector Michelle Collette said she received an inquiry from Donald Black, on behalf of Richard Blood, regarding the renewal of the earth removal permit for his family's land at 94 West Main Street. The site is a grandfathered operation under Chapter 134, section 134-3B Existing Operations. The current permit lapsed on September 16, 2016. The Committee suggested that Mr. Blood apply to the Board of Selectmen for a renewal of the permit and request a waiver for the lapse of time due to the death of his mother and father in 2016. Committee members agreed.
