

## Town of Groton Massachusetts Great Pond Advisory Committee

Meeting Agenda and Minutes

---

**April 28, 2010**

**Present**

Chairman: Bill Strickland

Member: Wayne Addy, Francoise Forbes, Cindy Sweezey, And Susan Horowitz

Financial \$1800 .00

Baddacook: Water level very high. Harvesting will not start until water temperature reaches 50 °C

Harvesting alternative- Hydro-raking, machine is very costly, Aquatic Controls has Hydro raking capability and indicate that it also causes Weed Fragments.

Management Plans: Review from Concom, Francoise updated, Concom agreed to Submit.

During the February meeting with DCR and DEP we asked about sediment removal / mud especially from inlets. Liz Sorrenson indicated that she would check with others in DCR. Checking with Barbara and thought this would be classified as Dredging and not allowed in a Great Pond.

Weed Control: Check to see if Baddacook has a sign regarding weeds.

Motion by Susan to adjourn and second By Bill
