

Town of Groton Massachusetts Great Pond Advisory Committee

Meeting Agenda and Minutes

March 23, 2011

Chairman: Bill Strickland

Member: Francois Forbes, Cindy Harper, Cindy Sweezey, Larry Sweezey, Marshall Giguere

Financial: \$1552.83

Due to the missed meetings needed to submit invoice to Mark Haddad for the Lost Lake Botanist, this was discussed in the June meeting and voted on. The work was completed and the report submitted.

The DCR sent a EMAIL indicating the process for filing Management plans.

Larry Sweezey made a motion that the Plans should be tabled until 2015

Francois indicated that the plans were complete and the fact that Baddacook docks were all registered. The DCR indicated to Bill that since no new docks were planned on Baddacook that the approval was not required.

Marshall amended the motion to add an amendment statement.

Cindy Sweezey had contact with DCR and provided more information from the DCR. The letter was from the Town of Southwick to the Department of Environmental Protection. Now we are really confused. The submitted plans were returned to the Town of Groton since we sent them to the wrong department. This did not make any sense since we had meetings with DCR last February and submitted preliminary copies. The plans were updated and sent to the DCR through the Selectman's office. I talked to the Director of the DCR and she was surprised to get the Plans and asked if we planned on any new docks and if not we didn't require approval.

At this point we need to read the information supplied and determine the next step.

A motion was made to adjourn and seconded.

And all were infavor.
