

Recycling Committee Meeting 04-16-2015

07:14 PM

Attendees: Tessa David, Mike Brady

Minutes of 03-26-2015 reviewed, River Fest date corrected to June 7th and minutes approved with corrections.

Groton Greenway River Festival June 7th plans were drafted. Mike recommended that flyers be available. Tessa suggested displays of recycled material processing phases and recycled content exhibit. Additionally, a recycling relay will be facilitated and is expected to entice participation, questions, and learning opportunities. Need to check if tables and chairs are provided.

Special collection event dates were reviewed. Due to the commitment to the River Festival and Groton Fest, the June and October events will probably not be staffed by the committee. However plans were discussed for the November 7 Pumpkins and Leaves event. Ideas posting colorful (pumpkins?) directional signs and a guide at the entrance to the Recycling Center and at the compost pile to explain composting to attendees. Mike suggested that the November 7 Pumpkins and Leaves event can be promoted at Groton Fest and with posters at each bay of the Transfer Station. Also Kitchen scrap buckets will be promoted for the discounted price of \$5.

Groton Fest plans will be discussed when Jamie is in attendance.
