

Recycling meeting notes 04-15-2021

Attendees; Tessa David, Jamie King, Val Prest, Diana Keaney, Tom Delaney

Meeting open at 07:06 PM

Prior meeting minutes 3-11-2021 approved unanimously by that meeting's attendees.

Discussion pertaining to the new sign for the #2 Plastic bay. Tom will work with the Transfer Station staff to get that installed and in place when time permits.

Drive By Sign updates; Tessa tested washable markers and was pleased with the look and initial results and will provide feedback at the next meeting on how the material cleaned off the aluminum which will be used.

Additional discussion on placement of signs, it appears that the best option at this time is along the left side of the driveway as you enter the facility. At present we are all in agreement with this plan.

Potential Articles ideas presented by Diana; there was discussion as to whether these could be "letters to the editor" or "Recycling New articles", Diana will email the editor for comment and suggestions. Might possibly be weekly bullet type pieces for the Groton Herald... One might be "Why use the Transfer Station"?

We spent some time reviewing a couple of pieces that the town of Harvard has created, these look to be very well thought out and useful.

Tessa will forward copies of Harvard's pieces to the committee.

Update on Town Wide Food Waste program; Tom mentioned that Channel 4 Boston came on 04/12/2021 to do a piece on this "Black Earth Compost" program, I have no information on when it will air.

Groton has curbside and drop off available for the Black Earth Compost program.

Meeting adjourned at 07:51 PM
