Volunteering is the ultimate exercise in democracy. You vote in elections once a year but when you volunteer, you vote every day about the kind of community you want to live in.” —Anonymous

On Friday, May 1, we had a breakfast at the COA recognizing the contributions of our volunteers. Using industry standards we calculate the hours donated to the COA save the town approximately $30,000. It is a significant amount of money and should be mentioned however, I think there is a bigger story.

We, the Council on Aging, had 57 people who so strongly believe in our mission they prioritize their time to include serving the senior residents of Groton. Their gifts came in many different forms; instructors, receptionists, Meals on Wheels food delivery and preparation, painters, and gardeners. We have a dedicated Board of Directors, committee members and also those who provide direct service in a resident’s home through minor repairs and maintenance and then find time to read to young students as representatives of the COA.

These volunteers are seniors and seniors to be. They are not only Groton residents but also Town employees who have given of their time on the weekends to help us meet our mission. It is a group of individuals coming together to lift us as an organization without the realization they are acting in unison without them there would be voids in our service. It was wonderful for the staff to see everyone in one room, at one time and honor them, their time and their gifts. Their support is extraordinary and our appreciation priceless.

NEWS FROM SHINE
JUNE 2015

Staying Healthy with Medicare

An important goal for Medicare is to help people stay healthy by encouraging prevention. Medicare provides a number of preventive services. These services are free whether you have traditional Medicare or a Medicare Advantage plan, like an HMO.

Some of these services include:
- Colorectal cancer screening (including colonoscopies)
- Mammograms
- Pap tests and pelvic exams
- Prostate cancer screening
- Bone mass measurements
- Cardiovascular screening
- Flu and pneumonia shots
- Alcohol misuse screening and counseling
- Depression screening
- Obesity screening and counseling

There are very specific rules which state when and how often Medicare will pay for the above services. For a complete list of free preventive services, go to www.medicare.gov or see a SHINE counselor.

Spring has sprung!!!

Once a year (usually in July), Montachusett Opportunity Council gives the Groton Council on Aging Farmers' Market Coupons. You can use the coupons to purchase fresh produce at local Farmers’ Markets in and around Groton and surrounding towns. The coupons are intended for low-income senior citizens. The amount of coupons we get is limited. If you qualify and would like to receive the coupons please give me a call, and I’ll put you on the list.

Some of you might not know that the GCOA has a trained SHINE counselor (serving health information needs of elders) for newly qualified seniors or those seniors that have questions regarding their Medicaid or Medicare. This is a wonderful service for seniors, as Medicare and Medicaid seem to be getting more complicated as each year goes by. If you need to speak with our SHINE counselor, please call me, and I’ll put you both in touch.

Just a reminder that the GCOA has RMV Disabled Placard applications. These are special plates that are available for vehicles that are transporting medically disabled drivers and passengers. You can drop by and pick one up or simply call and we will mail one to you.
