This is the last in a series of articles on senior centers; why we have them, how they have evolved and where they going.

A couple of nights ago there was an extraordinary fire at a three story apartment complex near my home. My neighbors and I watched fire trucks from six surrounding towns respond and an ambulance take 2 firefighters to the hospital.

I turned to one of my neighbors and said, “I do crafts for a living”. It was my impulse response feeling very unworthy to someone that was potentially offering their life as part of their work. Of course, because I overthink everything, I continued to think about what I witnessed and analyze the work we do. We know with almost 100% certainty that we are going to go home after a days work in the same condition as when we arrived but I also know that what we do runs much deeper than to minimize it as “just crafts”. Senior Centers represent an important entry point into the aging system and into the continuum of Long Term Care. In a continuum of care that ranges from the least intensive to the most intensive, Senior Centers are often the first support service sought by an individual, his/her family or friends. The role of the Senior Center is to reverse or delay the need for more intensive services. Everything we do has purpose and meaning and is driven to achieve the goal to help people remain independent.

Financially, the investment a town and state make to their senior center is exactly that, an investment. Through support of senior services, people stay out of or delay institutional long term care therefore saving money not only for an individual but also the taxpayer. With nursing home care costing upwards of $15,000 per month most cannot pay that bill and must rely on government (taxpayer) support for their care. Through education, socialization, outreach, and wellness programs we continue to meet our mission. The services we provide are critical to a strong community, our absence, especially as the senior population grows, would be felt by all.

**NEWS FROM SHINE FOR AUGUST 2016**

**MASSACHUSETTS VETERANS ENTITLED TO REIMBURSEMENT FOR MEDICAL EXPENSES**

Chapter 115 of the Massachusetts General Laws entitles Massachusetts Veterans and their spouses to reimbursement of their medical expenses if they meet certain income and resources guidelines. If you are a veteran, widow or widower of a veteran with an income of $1980.00 or less and cash assets of less than $5,000, or if you are a married veteran or married to a veteran, and your combined income is less than $2,670 per month and combined cash assets are less than $9,800, then you may be eligible for these benefits. This program is an entitlement in recognition of your service and not charity. You may reimbursed for your Medicare Premium and all your other health insurance expenses.

If you think you meet these guidelines, contact Groton’s Veteran’s Service Officer, Bob Johnson @ 978-448-1175, and tell him you would like to submit a Chapter 115 application for benefits.

**IMPORTANT INFORMATION**

Always remember that if you are turning 65 you should contact Social Security to enroll in Medicare. Medicare eligibility has no connection to your eligibility for Social Security benefits. Also, coverage from the Health Connector does not exempt you from this requirement to enroll in Medicare, as you will lose your Health Connector subsidy when you turn 65. If you have any questions you should contact the Senior Center at 978-448-1170, and will we put you in touch with Groton’s SHINE Counselor.

"Give Em Hell Harry!"
The Truman Presidential Campaign
Friday, September 30
10:30am

With this year being a presidential election year, let's revisit one of the most exciting elections in American history. The 1948 “whistle-stop” election was the first presidential election after the war and the first since Roosevelt's death. The election of 1948 still commands the imagination of the nation. A feisty Truman ran and won a fabled upset victory over Governor Thomas Dewey.

This program is present by Dr. Gary Hylander.

Dr. Hylander earned his PhD at Boston College and is currently an independent scholar who specializes as a presidential historian.

Please register by call the senior center, 978-448-1170.

In the cluttered house she shared with her late mother, Doris mines the Internet for information on her one-and-only, guided by the 13-year-old granddaughter of her best pal Roz. When Doris begins showing up at John’s regular haunts her new life brings Doris a thrilling perspective, but also creates a rift between her and her longtime friends and family, who believe she’s making a fool of herself over a guy half her age. Eager for all the experiences she has missed out on, Doris throws caution to the wind and follows her heart for the very first time.
