NEWS FROM SHINE

October & November 2019

The Medicare Open Enrollment begins on October 15th and ends on December 7th.

Every year, Medicare Part D and Medicare Advantage (HMO, PPO) plans can change their premiums, co-pays, deductibles, formularies (list of drugs covered) and preferred pharmacies. In the case of Medicare Advantage Plans they can also drop providers from their Plan. It’s important to review your options EVERY year to make sure you have the plan that works best for you for next year. This year we are anticipating that there may be some new plans and choices for you to make. Along with these new plans and choices we expect there will be some aggressive marketing with an unusual high volume of plan sponsored meetings.

Trained SHINE (Serving Health Information Needs of Everyone) volunteers can help you! They offer free, unbiased, confidential counseling on all aspects of health insurance to anyone on Medicare. You can call 1-800-AGE-INFO, (1-800-243-4636), then press or say 3. Once you get the SHINE answering machine, leave your name and number. A volunteer will call you back. During Open Enrollment it may take a couple of days to return your call.

You can now visit us at www.shinema.org

### Writing Creatively

**Tuesdays, 10:00-11:30 am**

There are many people who know how to write, but may not know how to write creatively. In this seminar, participants will write every week on topics of their choice and then share their work with other seminar participants. Three of the most popular operas are Verdi’s "Aida," Puccini’s "La Boheme," and Bizet's "Carmen." New York’s Metropolitan Opera Company programmed them so often that it became known as the "ABC Opera Company." The popularity of these operas reflects their quality - they are three of the best. This series will look at all three, their place in the history of opera, and what makes them special.

**Our Presenter Ben Sears**

Ben Sears, one half of the Ben and Brad due, has been called “Boston’s favorite song duo” by the Boston Globe and “the delightful cabaret team” by the Boston Phoenix. Theatre historian Sears is also a noted recording artist.

We are living in unusual times of enormous change, demanding new paradigms. Ms. Walker refers this as a Kairos moment, a point all around the world of great peril and amazing possibilities. The biggest question is whether this moment will control you or you will take hold of this moment!

Liz Walker is a minister, award winning journalist and activist for community healing and cross cultural and interfaith dialogue. Hers is a powerful voice of healing and hope. She is in demand as a keynote speaker around the world.

Signs of Unsafe Driving in Older Adults

Age is not the only factor that can impact you driving ability, but it can be an important one. Change in vision, reaction time, the ability to assess a dangerous situation and even flexibility of the neck and arms can all result in a slower response to a dangerous situation.

No one wants to admit that they may be “slipping” in regard to driving, but for the safety of yourself, your family members, and other drivers and pedestrians, take a minute to think about these signs of difficulties:

- Ignoring traffic signs and signals (or “not seeing” them)
- Becoming easily agitated or angered when driving
- Falling asleep when driving, or having trouble focusing on the road
- Getting lost in familiar areas
- Reacting slowly to dangerous situations
- Forgetting or ignoring basics (like yielding right-of-way when entering a rotary)
- Having trouble judging distances

To sharpen your driving skills please consider taking the AARP course at The Groton Center Friday, November 8. If you believe you or a loved one may be having difficulties please discuss with your physician about obtaining a referral for a driving evaluation.
