This past year we were able to continue with the vast majority of our programs due to the support of the Groton community. Shawn Campbell, the director of the Groton Country Club provided space for our weekly lunch events, he was gracious and accommodating. Legion Hall, through Mike Bouchard and the Town Clerk’s office, provided space for our educational class and writers group. And we are most grateful to the Groton Fire Department, Chief McCurdy and Diane Aiello. We were in all of the fire stations for something! The West Groton Fire Station stored our supplies, the Central Fire Station was used for our movies and Veteran’s Breakfast and of course, Lost Lake Fire Station housed our offices and also provided space for programs. We are extremely grateful to the GFD, they were superb hosts. It took the community to keep us going.

This past year seemed to fly by and while we were able to provide programs throughout the town, we missed everyone being in one place. We missed the hustle and bustle and the sense community created in one place. A community that keeps an eye on one another, chats about life’s celebrations and challenges and grows through the relationships and acquaintances we make by simply being with one another. We can’t wait to see you at The Groton Center, the center that builds community!

IN CASE OF EMERGENCY (ICE) ADD TO YOUR CELL PHONE

Add an ICE (In Case of Emergency) Contact Into your cell phone

Adding ICE to your phone is simple. Just scroll to the letter “I” in your phone contact list, and list your emergency ICE contact with the word ICE before their name. For example, “ICE—John Smith”. Then, be sure to enter every phone number (home, mobile and work) you have for that individual, as well as their email and physical address.

It is important to list at least two (2) ICE contacts. Of course, it is very important to check with anyone you plan to list under ICE first to make sure they are comfortable with being on of your emergency contacts. Next, you will want to provide anyone listed on your phone under ICE with any medical information they may need about you in the event of an emergency such as your medical history. This includes your physicians, a list of your medications, and any known allergies and medical conditions.

To make it clear that you have ICE emergency contact information on your phone, you can place a sticker (ICE) on it letting everyone know.

FINANCIAL HARDSHIP PROPERTY TAX DEFERRAL (Clause 18A)

This allows you to postpone payment of your taxes. For more information and/or if you would like to apply for this exemption, please

New York's Metropolitan Opera Company programmed them so often that it became known as the "ABC Opera Company." The popularity of these operas reflects their quality - they are three of the best. This series will look at all three, their place in the history of opera, and what makes them special.

Today, 9-1-1 Can’t Find You

Over 80% of calls made to 9-1-1 come from mobile phones. When you dial 9-1-1 from a mobile phone, the 9-1-1 call takers have very little information to help you – only your phone number and a very general sense of your location.

This is a serious problem in an emergency when seconds count, particularly if you or your loved ones have medical conditions, or are unable to safely speak.

Chief Luth will discuss the changes coming to Groton and how you can get registered.

Handouts and folder included for each registrant.

Workshop limited to seven participants.

November 12, 19 and 26  12:30pm

Week 1: Pranayama/ Introduction to meditative breathing and its physical, mental and spiritual health benefits. In *How to Live Forever*, Encore.org President and CEO Marc Freedman tells the story of his thirty-year quest to answer some of contemporary life’s most urgent questions:

*With so many living so much longer, what is the meaning of the increasing years beyond 50?*

*How can a society with more older people than younger ones thrive?*

*How do we find happiness when we know life is long and time is short?*

In a poignant book that defies categorization, Freedman finds insights by exploring purpose and generativity, digging into the drive for longevity and the perils of age segregation, and talking to social innovators across the globe bringing the generations together for mutual benefit.

Join us as we read and discuss our thoughts on living longer and finding meaning with other generations.
