It seems a bit like we just did this……planned for the opening of The Groton Center. Well, we’re doing it again except this time it will look differently. For the time being our building will be used only at about a 25% capacity due to social distancing. With each space at it’s maximum we can have 58 people in the entire building and we know even that is not prudent at this time. The community room can hold 20 - 24, classroom 12, Fitness Center 2 and exercise room 6. We can also have about 10 people in the lobby and 4 staff in the reception area. So that’s 58 in the whole building not just at one program. Programs will be limited to 24. It’s a staggering change and we don’t know the duration of these changes.

Prior to our October grand opening we anticipated space to have a free and open environment where people could simply stop by, have coffee with a friend, play pool, sit quietly or maybe watch a little TV. We wanted every room busy all day long but today we have to adapt to our new normal with a tempered re-opening.

For July and August you can expect minimal programs: exercise classes, creative writing, book club, foot care, pickleball and movies. Exercise classes will be held in the community room so we can spread out with writers and book club in the back classroom with chairs and tables six feet apart. We’re going to show the academy award movie series twice a week to accommodate more people. We also would like to continue with our Zoom programming and increase our presence on The Groton Channel for those of you not quite ready to come back.

It is essential you register for everything! If you plan on coming to a classes at The Groton Center when we reopen, it will be required to reregister for that class. If you need to speak to staff in person, you will have to have an appointment.

For example: if you’ve been coming to yoga or strength training for the past 10 you still have to re-register.

**We have to know who is in the building and when they are coming.**

**If you don’t register, you won’t be permitted in the building.**

We have established guidelines and protocol for using the building which are included with this newsletter. Some of the new guidelines are painful for staff to enforce however, we know that it is what is needed for now so please forgive me for how harsh some may seem. Also please remember, they can change both positively and negatively without notice.

We are so happy to have people back in this building, we have missed everyone tremendously! We hope you all continue to be safe and be well!

Kathy
There are many people who know how to write, but may not know how to write creatively. In this seminar, participants will write every week on topics of their choice and then share their work with other seminar participants. With peer critiques, we will learn valuable editing skills and how to turn ideas into prose. The final product will be something that makes you happy.

Groton Council on Aging  
Protocols for COVID-19 Re-Opening  
7.6.2020

- Anyone entering the building must have an appointment or be registered for a class.  
  *No exceptions.*

- Everyone must wear a mask.

- Please use the hand sanitizer available at the reception desk. Your temperature will be taken there. It is a point and shoot thermometer. If your temperature is over 100.3 you will be asked to go home with a recommendation to call your doctor. 

  To reduce the number of touches on the thermometer a volunteer receptionist or staff will handle it. We won’t record your temperature or look at the results, only you will see it. Your compliance to with the 100.3 temperature restriction is on the honor system.

- You will scan your card at the reception desk and the volunteer or a staff member will register you for your program on our touch screen.

- Please register for EVERYTHING! Playing pool, all exercise classes, picking up bread, appointments with staff, dropping something off, movies – I think you get the picture. You will not be permitted in the building without notification that you are coming. No exceptions.

- Additional information for program registration:

  - When you register for a program, class or service you will receive an email confirmation. You don’t use email, we will call you and confirm. If you don’t get a confirmation within 24 hours of registration please call.

  - You may register more than one person for a program or class. Your email confirmation will be for all those you register.

  - You may register for up to 8 weeks of a class or program at a time. Again, the confirmation will be for all 8 weeks.

  - If you cannot make it to a class or appointment, please cancel. If you are a no show (you did not call to cancel), there will be a warning after the first one and possible suspension from activities after the second. The reason for this is our **VERY** limited program sizes. Some people may not get in a program so please be thoughtful and allow someone to come in your place.

- Staff will sanitize tables and chairs following each program or class.

- Inside doors will be propped open to reduce the number of touches.

- Bathroom use is at your risk. Staff will wipe handles as we can but there is not enough of us to be constantly monitoring them. We will have sanitizing wipes available in each bathroom.
Program Specific Guidelines for Re-Opening as related to COVID-19

The 15 Minute Difference!

It only takes 15 minutes to make a positive difference in someone’s life.

- Pick up the phone and check in with your family and neighbors.
- On your way to the library? Pick up a couple of books and/or videos for a neighbor.
- When you’re running your errands, offer to grab anything they may need.
- If you’re running out to get take-out for yourself, let your neighbor know, and see if they’d like take-out too.
- Stop in for a 15 minute porch visit to catch up on things.
- If you stop to get a coffee on your way home, grab one to share.

You never know; 15 minutes might make a positive difference in your life, too.
