

## Sustainability Commission Minutes May 21st, 2019

Commissioners present: Alison D . Peterson, Bruce Easom, Carl Canner, and Marina Khabituyeva. With a quorum present, the meeting convened at 7:35pm.

The April minutes were read and accepted.

### Pollinator Preservation Project Report – Alison/Marina

Alison met with John Smigelski at the meadow planting site. The rototilling area is marked with stakes and he will till when the meadow dries out in about two weeks.

### Riverfest -Alison/Marina

We received confirmation for Riverfest participation on June 9<sup>th</sup> .  
Carl will provide literature for handouts to people visiting our table.

### West Groton Wildflower Project Report – Carl Canner.

Carl and Alison did a site assessment. The area is overgrown with invasive plants, including multiflora rose, oriental bittersweet, and Japanese knotweed.

A motion to adjourn was made and approved. The meeting was adjourned at 8:20pm.
