

**MINUTES**  
**ANNUAL TOWN MEETING**  
**APRIL 25, 2005**  
**With adjourned session of May 2, 2005**

The first session of the April 25, 2005 Annual Town Meeting was called to order at 7pm by Town Moderator, Robert Gosselin. There is no quorum requirement for the Annual Town Meeting. Donald Black made announcements on the 350<sup>th</sup> Celebration. There was a brief slide presentation by the 'Founder's Day Committee' highlighting the celebration that will take place on May 21, 2005. Board of Selectmen Chair George 'Fran' Dillon presented a bouquet of flowers to Dr. Mary Athey Jennings for her eleven years as Superintendent of schools. Dr. Jennings will be retiring in June 2005. At 7:20 pm there were 134 voters in attendance. Frank Belitsky made an announcement that the Groton Senior Foundation, the Nashoba Valley Chamber of Commerce and the Nashoba Valley Medical Center will sponsor a workshop on the importance of having a Health Care Proxy. Richard Muehlke made an announcement regarding the Town Wide Litter Clean-up on Saturday May 7, 2005. This is an effort the 'clean-up' the Town of Groton for the upcoming Founders' Day festivities. There was a motion to waive the reading of the warrant. Motion was seconded. The reading of the warrant was waived. The Chair announced that the Annual Town Election will be held on May 17, 2005. The Polls will be open from 7am to 8pm.

**ARTICLE 1:**

Moved and seconded that the Town vote to hear and act on the report of the Selectmen and other Town Officers and Committees

**Article 1 carried.**

**ARTICLE 2:**

Moved and seconded that the Town vote to authorize the Board of Selectmen to apply for Federal and State Grants for which the Town is or may be eligible and to expend the funds received thereunder.

**Article 2 carried unanimously.**

**ARTICLE 3:**

Moved and seconded that the Town vote to allow for the elected officials listed in Article 3 of the warrant the compensation printed in the warrant.

**Article 3 carried unanimously.**

**ARTICLE 4:**

Moved and seconded that the Town vote to amend the Code of the Town of Groton, by deleting Chapter 48, Personnel, Section 3, Personnel Administrator, in its entirety and inserting in its place the following:

§48. Personnel Manager – To assist the Personnel Board in the exercise of its powers and duties under Section 48-2 there shall be employed a Personnel Manager reporting to the Board of Selectmen.

This would create a position of Personnel Manager who would report to the Board of Selectmen. The Town does need someone as a point person for personnel issues. Personnel Law is becoming more complicated. At this time we are only seeking a by-law for this position since there is no funding. Garret Boles spoke against this article. Since things are very 'lean' at this time, this is something that shouldn't be enacted. This position is a twenty hour week position which would qualify for health benefits. The cost to the taxpayer would be \$41,430 per year. Peter Cunningham reiterated that this is not a financial matter. At this time the BOS is merely seeking to place this into the by-law, since this is good government and good management. The Town has been derelict in dealing with personnel issues. Virginia Wood echoed Mr. Cunningham's comments. William Miller made a motion to move the question. This suppresses debate. The question was moved.

Article 4 is defeated.

**ARTICLE 5:**

Moved and seconded that the Town vote to amend the Personnel By-Law Wage and Classification Schedule as set forth in the Schedule distributed at this Town Meeting.

This is the wage and classification study. There is no COLA adjustment this year.

**Article 5 is carried by majority vote.**

**ARTICLE 6:**

Moved and seconded that the Town vote to raise and appropriate and transfer from available funds such sums of money as may be necessary to defray the expenses of the Town for the next fiscal year (2006), and act on the budget of the Finance Committee.

Mr. Dillon, commented that cities and towns are facing their worst year yet. Steve Webber explained the budget and the many issues that the town is facing. Charles McKinney made a presentation on behalf of the School Committee. Groton's MCAS scores are in the top 10% in the State. Over 90% of graduating seniors go on to college studies. Current total budget is 32 million. A great deal will be spent on health care and SPED costs are rising. \$275,000 costs of teachers' salaries' increase. The Peter Twomey Youth Center is in need of capital improvements. Craig Young developed a five year plan for building improvements. In summary we have a great school district; however, we have a serious financial issue. There will be cuts that will be noticed next year. It will be at least two years before we get out some of these fiscal issues.

1) GENERAL GOVERNMENT

Moved and seconded that the Town vote to raise and appropriate the sum of \$1,577,056 for General Government as represented by lines 1000 through 1600 in the Budget; each line item to be considered as a separate appropriation for the purposes voted.

Christopher Kelley made a motion to amend line 2041 to \$70,125 and reduce free cash by \$23,842. Town Counsel corrected the wording. Jay Prager from the Finance Committee commented that the need is not there. Mr. Cunningham commented that these fees don't make a lot of sense compared to other communities. Rebecca Pine asked what the money was for. Mr. Kelley responded that it is for fire protection related costs such as flushing and painting the hydrants. The chair questioned the numbers. Chair read the motion: *It's been moved and seconded to amend the FY06 budget by increasing line 2041 from \$23,842 to \$70,125.* The Chair asked the Finance Committee and Town counsel if they agreed with the math. Mr. Cunningham encouraged not supporting this article. The Chair asked Mr. Webber and Mr. Kelley to discuss the numbers so that a motion could be voted on. As of 8:30 pm there were 222 voters. The Chair asked for unanimous consent from the meeting to allow Mr. Kelley to withdraw his original motion so that the new motion could be presented with the corrected numbers. The Chair read the motion to amend: *Moved and seconded to amend the FY 06 by increasing line 2041 Groton Water Fire Protection from \$46, 283 to \$70, 125 and appropriating from free cash \$23,842.*

Superintendent Dr. Judith Klimkiewicz made a comment that she was available for any questions. Mr. Dillon commented that there is a concern of the certification of the E&D fund. The school had not filed balance sheets for E&D certification with the Department of Revenue since 1999. These reports must be filed yearly. As of 9 pm there were 239 voters in attendance. Michael Manugian commented that the numbers from the school will be certified by the State and to give the kids a break. The Chair asked the voters to unanimously approve the withdrawal of Mr. McKenzie's motion. Chair asked Town Counsel if an additional amendment was needed for the motion to amend. Motion to amend as corrected: *Moved and seconded to amend line 3000 to read \$452,313 and to appropriate from Free Cash \$21,833. Voted on the motion to amend.* The chair stated that it appeared the 'no's' had it. He asked if there were seven voters who wished to contest the Chair. There were seven voters who contested the vote, therefore tellers were called.

Tellers were called and duly sworn:

George Barringer, Planning Board Chair, stated that at the April 14, 2005 meeting, the Planning Board voted four in favor and three opposed to recommend that the Town Meeting adopt the proposed Zoning Amendment to retain the Development Rate Limitation provisions until 2010. This article is to limit growth not to stop or cap growth. This law has been in place since 1980. This By-law is subject to renewal every five years and is triggered by 120 building permits issued in the preceding 24 months. If we reach 120 permits issued then the rate limitation is triggered. Schools and the water supply are major concerns. Joshua Degen representing the minority report from the Planning Board stated that he has been in favor of this by-law. We need another process in lieu of this. We should follow the law since it says this should not be in place. Alan Hoch commented that the Town should vote not to renew the growth limitation by-law. This is not a good policy decision for a Planning Board. Town Counsel commented that there is a distinction between the Town of Groton By-law and the Town of Hadley decision. There was much debate on this article. Edna White urged voters to vote for this article.

Edward Kopec commented that this change should have been done years ago. George Barringer commented that the Planning Board voted not to support this article. This rezoning would impact public health, public safety and the center. We lose the control of the structure of that property. This will have an adverse effect since it will create a bottleneck coming into town. As of 7:45pm there were 144 voters. Georgana Cochran commented as a resident and she supports this article since the area would become more attractive. The Chair declared a temporary recess of the Annual Town Meeting at 8 pm. The Chair declared a quorum of 144 voters present for the Special Town Meeting. The Chair declared a recess in the Special Town Meeting and re-opened the Annual Town Meeting at 8:02 pm. Mr. Barringer commented that B1 Zoning is less restrictive than RA Zoning. Rena Swezey commented that her son-in-law used to own the General Store and if a business is located in a residential area it's very difficult to get financing and this poses a hardship on the business owner.
