

Williams Barn Committee

November 12, 2020

Williams Barn 4pm

Meeting opened – 4:00pm

Bank - \$3,725.26

Groton Electric - \$11.92

The Committee agreed the 2020 Farmers Market was successful and enjoyed by many even dealing with the restrictions and protocols in place due to the coronavirus.

Intern AI French was a tremendous asset to the market from helping to set up for the day to helping both vendors and customers with a calm and confident attitude and all needs in between! Thank- you AI!

The Committee voted not to hold the annual Thanksgiving Market as the weather is a factor for outdoor set up and the Williams Barn not being available for public use.

Leo Wyatt showed the Committee the plaque he had made with a brief description of the history of the Williams family and the barn. It will be mounted on the front of the barn.

The Committee is optimistic for a great 2021 season.

Meeting closed at 4:45
