Dear Mr. Easom:

Attached please find 500 MG LLC's comprehensive permit application for the Groton Farms rental project located at 500 Main Street in Groton along with supporting material and the application fee.

We have endeavored to make the application package as complete as possible at this stage of project design. We have met with many of the Town Boards and Commissions in order to gather and incorporate feedback into the project design.

We look forward to working with the Groton ZBA and to continuing our work with Town staff and our neighbors to make this the best project possible for all stake holders while bringing additional high quality affordable and market housing choices to Groton and the region.

Sincerely,

John B. Amaral
Manager 500 MG LLC
