Subject: June 14 ZBA Heritage Landing

As a member of the Park Commission, I am asking that this email be read at your first meeting this Wednesday regarding the Heritage landing comprehensive permit application.

I am not able to attend the full meeting on the 14th as I will be attending the AHT and Housing Authority meeting held at the same time.

The Park Commission wants the ZBA to be aware that we have held discussions with counsel for the developers to explore what our common interests are regarding the town's parcel between Cow Pond Road and Hoyts Wharf Road. The Park Commission has filed an application for an informal review with MEPA and are waiting for their scheduling a site visit.

I am happy to answer any and all question as they occur during this process. If any come up at this initial hearing, please have your administrative assistant document them and forward them to the Park Commission so that we may prepare answers for your next meeting on this project.

I thank you in advance for your consideration and we look forward to working together to cover mutual interests.
